The Rainbow Ball

Once upon a time there was a 5 person family. 3 kids and 3 parents. The youngest kid was 2. The middle was 8 and the oldest was 10.

They lived in a 4 story building. It was big. The 8 and 10 year old slept on top of the house in twin beds. The 2 year old slept in a crib and their parents slept on the same floor but in a different room as the 2 year old, which was the third floor.

On the second floor was the living room, kitchen, and dining room.

And on the 1st floor was the basement full of legos. There were red, orange, yellow, green, blue, purple, pink, brown, grey, black, and white legos.

The kids loved the basement of legos.

That night was the day before Christmas. The youngest kid was wishing for a rainbow ball. And she finally got it!
